DETAILED ACTION

Allowable Subject Matter

1. Claim 7 is allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art cited does not anticipate individually nor teach in combination the following limitations:
 - Anderson et al (6,840,658), although teaching a street graphic cage with panel apertures that receive translucent panels therein such that they may be backlit and illuminated, ribs connecting an upper frame element to a rigid connection to a lamp post support, Anderson fails to teach the structural limitations of the instant invention, in particular, a lower portion of square cross section with four sides and supporting a plurality of fluorescent lamps to illuminate the space there beneath, a dome shaped upper portion above the lower portion having a curved support tube upstanding at each corner of the lower portion to meet at a peak and form a support structure, an upper portion having at least one lamp to illuminate each advertising sign thereon, and a top wiring, suspension box located at the peak of the upper portion.
 - Yelvington (5,043,855) although disclosing a square base, having four triangular shaped side members, a single light source, the electrical components of the device located within the square base, Yelvington does not teach the structural limitations of the instant invention, in particular, a lower portion of square cross section with four sides and supporting a plurality of fluorescent lamps to illuminate the space there beneath, a dome shaped upper portion above the
